

# seawise<sup>TM</sup>

**Smart, tailored, and exceptional cold-chain  
packaging systems.**

[seawisepackaging.com](http://seawisepackaging.com)

Seawise was founded by a team with deep roots in the seafood industry. With decades of experience processing and packaging fish, we bring expertise and an innovative legacy to craft smart, tailored, and exceptional cold-chain packaging systems. We're not just any packaging company – ***we get what it takes to keep your goods safe and secure in cold-chain distribution, because we need it too.***

# Packaging Systems by **seawise**<sup>TM</sup>

Our corrugated technology designed for wet environments, one-of-a-kind thermal liner, and specialized leak-proof bag provide the complete, recyclable cold-chain packaging solution, replacing Styrofoam and wax in seafood.

## Prioritize

Select a recyclable corrugate outer; Waterloc is available as a waterproof wax replacement, or a water-contained Styrofoam alternative.

## Optimize

Choose a thermal product; Select a Thermoloc liner, and/or Coldloc bag with custom sizing available.

## Personalize

Include logos and messaging to feature your brand

Waterloc™ is patented corrugated technology built specifically for wet environments, providing a recyclable alternative for Styrofoam and wax without compromising strength or stackability.

**Select from waterproof and/or water-containment options to match packing and environmental requirements**

**100% Curbside Recyclable**

**Two Colour Printing Included**

**Custom Design and Sizing Options**

*Waterloc™ is proudly manufactured in both the United States and Canada.*

## FL Series

The FL Series with Waterloc technology replaces Styrofoam or wax packaging for products up to 50 lbs.

Compatible with Thermoloc liner in Seawise flagship sizing, and/or a Coldloc bag to match cold-chain security.

| Product          | Box Dimensions    | # Boxes/layer | Total # layers | # Boxes Per Pallet | Pallet Coverage |
|------------------|-------------------|---------------|----------------|--------------------|-----------------|
| FL1<br>(<20 lbs) | 25"x 11.5" x 5"   | 6             | 14             | 94                 | 91.25%          |
| FL2<br>(<30 lbs) | 25"x 11.5" x 6"   | 6             | 11             | 66                 | 91.25%          |
| FL3<br>(<40 lbs) | 25"x 11.5" x 7.4" | 6             | 10             | 60                 | 91.25%          |
| FL4<br>(<50lbs)  | 25"x 11.5" x 8"   | 6             | 9              | 54                 | 91.25%          |

**Ask about additional box designs available in Waterloc technology.**

# thermoloc™

by seawise

Thermoloc is a patented insulating technology for exceptional cold-chain performance.

Thermoloc™ has been proven to outperform Styrofoam and increase shelf life by as much as 70%

## Exceptional:

Thermal protection for a secure and unsecure cold chain lasting up to 72 hours

## Tailored:

Customizable design, sizing, and thickness to meet your requirements

## Sustainable:

Recyclable and reusable. 30% Post-consumer recycled material options available. Compostable version coming soon.

## Verified:

FDA/CFIA certified and How2Recycle has prequalified this packaging as recyclable.

*Thermoloc™ is proudly manufactured in both the United States and Canada.*

# coldloc

by seawise

Coldloc is a specialized, leak-proof, recyclable bag that helps maintain optimal conditions for seafood in cold-chain distribution.

## Coldloc is an ideal solution when:

- ✓ **Combined with Thermoloc to improve thermal performance by up to 40%**
- ✓ **Water containment or wet environments are a concern**
- ✓ **Full recyclability is required for your sustainability initiatives**

Coldloc is compatible with Waterloc FL Series in Seawise flagship sizes, as well as customized wax replacement boxes.

Our headquarters are in Campbell River, British Columbia. We respectfully acknowledge that we live and work on the unceded traditional territories of the Laichwiltach-speaking peoples of the We Wai Kai, Wei Wai Kum, and Kwiakah First Nations.
